SUMMARY

Front-End Developer with hands-on experience in building responsive and component-driven web applications using HTML, CSS, JavaScript, and React.js, and basic backend exposure using Node.js & Express.js. Strong focus on usability, clean design, and delivering smooth user experiences.

EXPERIENCE

Web Developer Intern | ANDi Software Solutions Pvt. Ltd. | Jun 2025 – Sept 2025

- Built responsive web pages using HTML, CSS, and JavaScript for company projects.
- Collaborated on real-time dashboards and admin panel features using Node.js & Express.
- Improved page load time and design consistency across modules.

PROJECTS

Realtime Hospital Availability Dashboard

- Built a full-stack application for live hospital bed availability using HTML, CSS, JS, Node.js, and Express.
- Integrated admin login and appointment booking modules with MySQL database.
- Focused on UI responsiveness and real-time updates.

Banking Software (full Stack Web Application)

- Built a full-stack **banking management system** with secure authentication, user dashboard, and admin control panel.
- Implemented modules like KYC Management, Branch Management, Transaction Logs, User Records, and Real-time Status Updates.

CORE SKILLS

Language: Python, Java

Frontend: HTML, CSS, JavaScript, React.js

Backend: Node.js, Express.js (Basics) Database: MySQL, SQL
